eFLASHER VIII

Light and convenient, the *eFLASHER VIII* is ideal for every deaf computer and videoconference user. *eFLASHER VIII* provides one (1) flash for each regular (TTY) telephone ring, double-flashes (2) for each Broadband ring, and computer flashes three times for a distinguished noticeable flashing signal lamp. Whether you are away from your T.V. or telephone and cannot hear the ringing sound, the *eFLASHER VIII* is designed to quickly alert users to any incoming e-mails, TTY-PC, instant message (IM), IP-VRS, VRS, or videochat signal calls, plus regular calls for TTY. The *eFLASHER VIII* works with D-Link (DVC-1000), Sorensen (VP-100), or any other similar products that have the cadence ringing output port jack available. The *eFLASHER VIII* operates a built-in X-10 wireless transmitting system feature.
